

**Schools Recommendation
Program 2024**

Schools Recommendation Program

No matter what happens, we have a place for you. Together with schools, we've introduced a program to help year 12 students get ahead.

Our 2024 program lets you apply early for our range of exciting, diverse courses.

What is the Schools Recommendation Program?

This program allows you to apply for our undergraduate courses and receive your offers much earlier in the year.

How does the program work?

Australian year 12 students can apply for up to five courses at the end of June. Rather than an ATAR, your application is based on your school's recommendation. This recommendation can factor in your year 11 results, as well as other considerations.

If you don't receive an offer for your dream course through the Schools Recommendation Program, you will be re-assessed for a higher preference offer once your ATAR is released.

We will release offers from August through to early November, which will take the pressure off you during year 12.

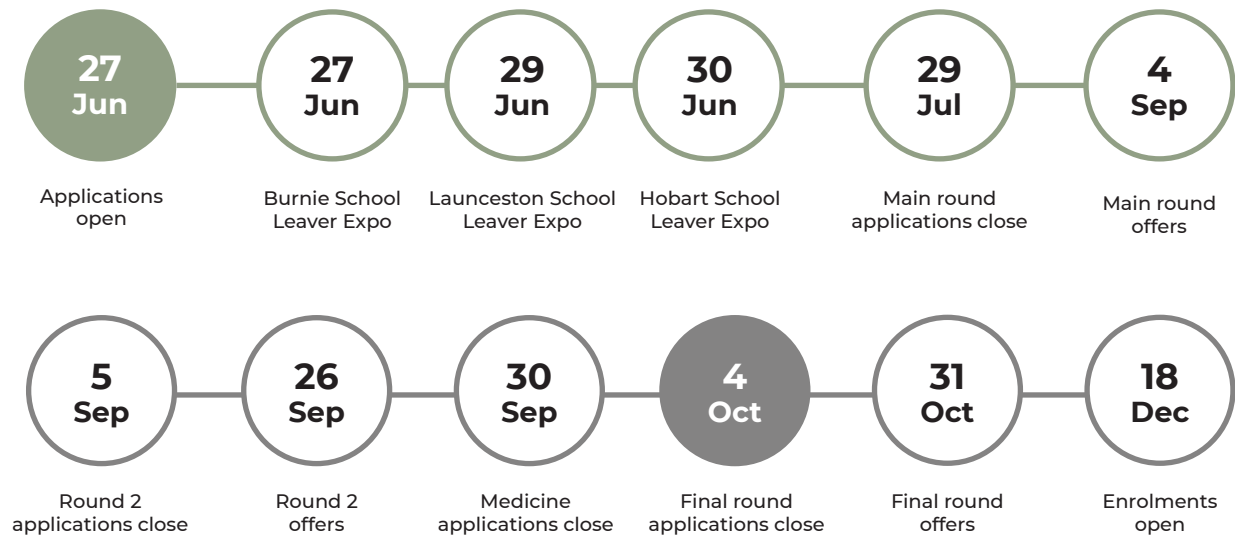

What courses will I be able to apply for?

The program will be open to nearly all of our courses, including our new flexible double degrees, undergraduate degrees, associate degrees and pathway programs.

Courses in Paramedicine and Bachelor of Medical Science and Doctor of Medicine work differently. Entry to these courses is very competitive, so an early offer is not available. However we still encourage you to apply as part of your Schools Recommendation Program application.

You will be assessed for these preferences once your ATAR is released, and will not be assessed through the Schools Recommendation Program. You may still receive early offers to other preferences you have included.

Key dates for students

Submit your application in by 29 July to be eligible for a main round offer.

#1 in climate action globally

THE TIMES HIGHER EDUCATION IMPACT RANKINGS 2024

By choosing to study with us, you'll become a part of the world's leading university on climate action.

First in climate action three years in a row

Second in overall impact globally

How to apply

To apply for the Schools Recommendation Program visit utas.edu.au/apply

STEP 1

Select courses

STEP 2

Check the course requirements for any prerequisites

STEP 3

Apply online at utas.edu.au/apply

STEP 4

Apply for a scholarship

STEP 5

Accept your offer

How to order your preferences

In your application, you'll be asked to add up to 5 courses.

Here's how to choose their order.

1st preference	Desired course	This is your dream course.
2nd preference 3rd preference 4th preference	Courses of interests*	These are other courses you're interested in studying. <i>These are particularly important if your course isn't included in the program or if your first preference has high entry requirements.</i>
5th preference	Pathway course	A course that will support your personal learning journey and help you upgrade into a preferred course on completion.

**If you don't meet the entry requirements, you will be offered a pathway option to your course offer.*

Study themes

Business and Law

Do you want to debate, lead and turn your passion into a business or create a fair and just society for all?

You may be interested in studying:

- Agribusiness
- Business
- Economics
- Global Logistics and Maritime Management
- Information and Communication Technology
- Law
- Media and Communication

Creative Arts and Design

Do you want to work on real creative briefs and projects, with guidance and support from Tasmania's finest makers?

You may be interested in studying:

- Architecture and Built Environments
- Creative Arts and Health
- Design
- Fine Arts
- Media and Communication
- Music
- Theatre and Performance

Education, Humanities and Social Sciences

Do you want to explore new ideas, empower yourself effect social change and create a better tomorrow?

You may be interested in studying:

- Humanities and Social Sciences
- Education
- Family History
- Social Work
- Media and Communication
- Languages
- Psychology
- Law

Science, Technology and Engineering

Do you want to use your know-how to protect the environment, craft new innovations or help solve the world's problems?

You may be interested in studying:

- Agricultural Science
- Applied Technologies
- Architecture and Built Environments
- Engineering
- Information and Communication Technology
- Marine and Antarctic Science
- Maritime Engineering
- Ocean Seafaring
- Science
- Geospatial Science
- Sustainable Living

Earth, Sea, Antarctic and Environment

Do you want to learn in a unique living laboratory and build a more sustainable tomorrow?

You may be interested in studying:

- Agribusiness
- Agricultural Science
- Engineering
- Global Logistics and Maritime Management
- Marine and Antarctic Science
- Maritime Engineering
- Natural Environment and Conservation
- Ocean Seafaring
- Science
- Geospatial Science
- Sustainable Living

- Exercise and Sport Science
- Biomedicine
- Medicine
- Nursing
- Nutrition Science
- Paramedicine
- Pharmacy
- Psychology
- Social Work

School Leaver Expo

Helping year 11 and 12 students find their path to uni.

Our School Leaver Expos are a great way to explore our courses and get a feel for uni life. Our friendly students and teaching staff will be there to answer your questions about study, scholarships, and more.

And if you need help, we can guide you through your application and the Schools Recommendation Program.

We hope that you, your friends, and your family will join us.

Learn more at utas.edu.au/school-leaver-expo

School Leaver Expo dates

Cradle Coast – Thursday 27 June

Launceston – Saturday 29 June

Hobart – Sunday 30 June

Open Day

Your chance to learn everything about studying with us.

Every year, we open up our campuses to the entire community. You can hear about our courses, entry pathways, and scholarships—straight from students and teaching staff.

Everyone is welcome to explore our many campuses and learning facilities. Open Day is packed with exciting hands-on activities, great food, live music and more.

If you can't make it on campus, don't worry. We offer an engaging virtual experience, so you can jump in anywhere, anytime.

Learn more about our events at utas.edu.au/open-day

Open Day dates

Sydney – Saturday 3 August

Hobart – Sunday 15 September

Launceston – Sunday 22 September
